Desperate to see her husband, Leonore disguises herself as the prison guard Fidelio and so infiltrates the dingy prison in which Florestan the prisoner of conscience is languishing. Beethoven's only opera turns on the revolutionary ideals of liberty, equality, and fraternity. With Raphaël Pichon at the rostrum, Cyril Teste's staging promises a combination of musical intensity with political themes of enduring relevance.

Revivals of long-neglected works from the opera repertoire are a perennial highlight of the Wexford Festival. This year's rediscovery is *Edmea* by Alfredo Catalani, one of the great opera composers of the 19th century, whose *La Wally* is still played to this day. The heroine of the title (Anne Sophie Duprels) loves Count Oberto (Luciano Ganci), but is being forced by her father to marry someone else. Driven mad by grief and despair, she tries to take her own life...

The Knight Dalibor of Kozojedy appears before his judges. As his case is tried in court, the people grow increasingly angry. In this opera, Bedřich Smetana tells the story of an avenger figure from Czech history, whom he elevates to the rank of national hero. The opera is conducted by Jaroslav Kyzlink while Jiří Nekvasil signs the stage direction.

Capriccio

Richard Strauss

Capriccio is an opera about opera as an art form. With wise gaiety and a profound understanding of theatre as a genre, it shows a music drama coming into being. Ensclosed in a Rococo château, the poet Olivier, the composer Flamand and the Countess Madeleine discuss not only their own amorous relations, but also the question – of far greater import for the history of opera – of which is more important to opera: the music or the words? Richard Strauss's last opera – conducted by Christian Thielemann and sung by Camilla Nylund and Georg Zeppenfeld.

Seville's Figaro does more than trim hair and beards. He is just as happy to help lovers or promote a marriage. Count Almaviva has secured his services to help win the hand of Rosina. But Rosina's guardian Bartolo has other plans: he intends to marry her himself to get his hands on her fortune. For the Count, courtship is a game, but for Bartolo it is deadly serious. Vasilisa Berzhanskaya as Rosina and Etienne Dupuis as Figaro are performing at the Vienna State Opera for the first time. Juan Diego Flórez is cast as Count Almaviva. Michele Mariotti conducts.

Im weißen Rößl (At the White Horse Inn) owes its posthumous glory (if not notoriety) to the cloying film adaptations of the 1950s with their blend of alpine folklore, Viennese operetta, and Berlin cabaret set against a picturesque backdrop of snow-capped peaks. Ralph Benatzky's singspiel remains as popular as ever, even outside the German-speaking world; hence Gilles Rico's staging of a French adaptation of it by Paul Bonneau in Lausanne.

The year 1282 saw the people of Palermo rise up in rebellion against their French overlords. The historical event that came to be known as the *Sicilian Vespers* served Verdi, a fervent champion of Italian independence, as the inspiration for his opera of the same name. The original libretto was in French and it is this version, now rarely played, that is to be performed under the baton of Omer Meir Wellber in the city where the opera is set. Directed by Emma Dante and sung amongst others by Erwin Schrott and Selene Zanetti.

Handel's oratorio *Theodora* turns on the martyrdom of Saint Theodora of Alexandria. A flop during Handel's own lifetime, it is now held in high esteem as one of his great masterpieces. The lead roles of Katie Mitchell's production of the work at the Royal Opera House will be taken by two young opera stars, Julia Bullock and Jakub Józef Orłinski, singing alongside the great Joyce DiDonato.

With its exotic sounds and alternation between monumentality and intimacy, *Aida* is a true gem of music drama in the very best sense of the term. The opera, which Verdi composed on the occasion of the opening of the Suez Canal, experienced a very great success right at its premiere. This new staging in Dresden is the work of Katharina Thalbach.

Three operas in one evening: Giacomo Puccini's *Il trittico* is a triptych of three short autonomous operas: the tragedy *Il tabarro*, the lyric opera *Suor Angelica* and the comedy *Gianni Schicchi*. Director Tobias Kratzer retains Puccini's original order, but in a single staging that combines all three operas. The musical interpretation of the works is entrusted to the capable hands of conductor Alain Altinoglu.

His opera based on Oscar Wilde's play combines religious and erotic themes in a ground-breaking musical language. Christof Loy interprets Salome as a young woman questioning her gender and sexuality. At the rostrum is Hannu Lintu, the Finnish National Opera's new chief conductor.

The old but extremely rich Don Pasquale decides that what he lacks is a pretty young wife. The lady in question prefers his young nephew – though she would also like the old man's money. Donizetti's scathing comedy is full of characters driven by greed, avarice, and lechery. In this Hamburg production by German director David Bösch, the title role is sung by Ambrogio Maestri, whose superb vocal skills and comedic gifts have won him international acclaim.
